## INDEPENDENT AUDITORS' REPORT

To the Board of Commissioners Drainage District No. 3, Jefferson County, Texas

#### Report on the Audit of the Financial Statements

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities and fiduciary fund of Drainage District No. 3, Jefferson County, Texas (the District), as of and for the year ended September 30, 2023 and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the fiduciary fund of Drainage District No. 3, Jefferson County, Texas, as of September 30, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibility of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
  include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
  statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is
  expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4 through 8 and 33 through 36 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Drainage District No. 3, Jefferson County, Texas's basic financial statements. The accompanying Texas supplementary information on pages 37 through 42 and schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Year Ended September 30, 2023

As management of the Drainage District No. 3, Jefferson County, Texas (the "District"), we offer readers of the District's basic financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended September 30, 2023. We encourage readers to consider the information presented here in conjunction with the financial statements and notes thereto, which follow this section.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of the following: 1) Government-wide financial statements, 2) Fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position and governmental fund balance sheet presents information of all of the District's assets, and deferred outflows of resources and liabilities and deferred inflows of resources with the difference between them reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities and governmental fund revenues, expenditures, and changes in fund balance presents information showing how the District's net position changed during the fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal periods (i.e., uncollected property taxes and earned but unused vacation leave).

All of the District's basic services are included in the governmental fund, which focuses on how resources flow in and out with the balances remaining at the year-end that are available for spending. The governmental fund statements provide a detailed short-term view to determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's activities. Because this information does not encompass the additional long-term focus of the government-wide statements, we describe the relationship between governmental activities and governmental fund through the reconciliations and in the notes to the financial statements.

The notes provide additional information that is essential to a full understanding of the data provided in the financial statements.

Jefferson County, Texas

## MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Year Ended September 30, 2023

#### FINANCIAL HIGHLIGHTS

- The net position for the District at September 30, 2023 was \$930,348.
- The District's net position increased by \$6,068 for the year ended September 30, 2023.

## FINANCIAL ANALYSIS

A portion of the District's total assets (27.67%) reflects its investment in capital assets (e.g., land, buildings, machinery and equipment). The District uses these assets to provide services to its citizens; consequently, these assets are not available for future spending.

		2023	_	2022

Jefferson County, Texas

## MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Year Ended September 30, 2023

The following provides a summary of the District's operations for the year ended September 30, 2023 with comparative totals for the year ended September 30, 2022.

	2023	2022		
Revenues				
Current taxes	\$ 747,220	\$ 623,659		
Delinquent taxes	7,636	21,321		
Investment earnings	67,505	16,603		
Other	20,645	8,517		
Total Revenues	843,006	670,100		
Expenses				
Service operations	778,470	632,574		
Depreciation	58,468	63,047		
Total Expenses	836,938	695,621		
Change in Net Position	6,068	(25,521)		
Net position - beginning of year	924,280	949,801		
Net position - end of year	\$ 930,348	\$ 924,280		

## ANALYSIS OF CHANGES IN CAPITAL ASSETS AND LONG-TERM DEBT

The District's investment in capital assets as of September 30, 2023, amounts to \$555,607 (net of accumulated depreciation). This investment in capital assets includes land, buildings, field equipment, office equipment, and furniture and equipment.

Major capital asset events during the current fiscal year included the following:

• Accumulated depreciation decreased by \$185,500, net of disposals.

Jefferson County, Texas

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Year Ended September 30, 2023

## Capital Assets at Year-End Net of Accumulated Depreciation

	2023			2022		
Land	\$	5,540	\$	5,540		
Buildings		197,322		199,825		
Field equipment		341,870		283,347		
Office equipment		10,798		3,589		
Furniture and equipment	7	77		228		
Total	\$	555,607	\$	492,529		

Additional information on the District's capital assets can be found in the notes to the financial statements.

The District's long-term liabilities consisted of accrued vacation pay, sick leave, and other post-employment benefits (OPEB). More detailed information about the District's long-term liabilities is presented in the notes of the financial statements.

#### THE BUDGET, ECONOMIC ENVIRONMENT, AND RATES

The differences between the original and final budget were within the budget categories. No amounts were transferred between the separate budget categories.

The main differences between the final budget and actual results are briefly summarized as follows:

- Delinquent taxes were higher than budgeted due to collections on disputed amounts.
- Investment earnings were higher than budgeted amounts due to higher interest rates.
- Other revenues were higher than budgeted amounts mainly due to the sale of equipment.
- Salaries, wages, and fringe benefits were less than budgeted amounts due to not being at full employment capacity.
- Materials and supplies expense was less than budgeted amounts due to lower fuel prices and consumption.
- The budget amount for miscellaneous services includes a contingency for attorney and engineering fees in case of emergency. There were no emergencies during the fiscal year and the actual amount was less than the budget amount.

Jefferson County, Texas

## MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Year Ended September 30, 2023

• The budget amount for capital outlays includes a contingency for possible emergency repairs. There were no emergency repairs needed during the year.

## **REQUEST FOR INFORMATION**

The financial report is designed to provide our citizens, customers, investors and creditors with general overview of the District's finances. If you have questions about this report or need any additional information, contact the Department of Finance at P.O. Box 388, Hamshire, Texas, U.S.A. 77622, or call (409) 243-3495.

Collections on prior year levies		(5,806)
Governmental Accounting Standards Board Pronouncement 68 and 71 reporting for pension asset/liabilities require adjustments to Net Position that are not reported in the governmental funds.		
Current year adjustment of pension expense	-17	26,422
Change in net position of governmental activities	\$	6,068

Jefferson County, Texas

#### NOTES TO FINANCIAL STATEMENTS

September 30, 2023

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## A. Financial Reporting Entity -

The District was created May 13, 1912, as recorded in Vol. 6, Page 159, of Minutes of Commissioners' Court of Jefferson County. The District is a political subdivision of the State of Texas, created primarily to prevent the flooding and overflow of lands within the District by improving rivers, creeks and streams.

The accounting and reporting policies of the District relating to the funds and account groups included in the accompanying basic financial statements conform to generally accepted accounting principles applicable to state and local governments. Generally accepted accounting principles for local governments include those principles prescribed by the Governmental Accounting Standards Board (GASB), the American Institute of Certified Public Accountants in the publication entitled Audits of State and Local Governmental Units and by the Financial Accounting Standards Board (when applicable). The more significant accounting policies of the District are described below.

The District's basic financial statements include the accounts of all District operations. The criteria for including organizations as component units with the District reporting entity, as set forth in Section 2100 of GASB's Codification of Governmental Accounting and Financial Reporting Standards, include whether -

- the organization is legally separate (can sue and be sued in their own name).
- the District holds the corporate powers of the organization.
- the District appoints a voting majority of the organization's board.
- the District is able to impose its will on the organization.
- the organization has the potential to impose a financial benefit/burden on the District.
- there is fiscal dependency by the organization on the District.

Based on the aforementioned criteria, the District has no component units.

### B. Basis of Presentation -

The government-wide financial statements (the statement of net position and governmental fund balance sheet and statement of activities and governmental fund revenues, expenditures and changes in fund balance) report information on all of the activities of the District. They include all funds of the District except for fiduciary funds.

Governmental funds are those funds through which most governmental functions are typically financed. The measurement focus of governmental funds is on the sources, uses and balance of current financial resources. The District has presented the following major governmental fund.

General Fund - The general fund is the main operating fund of the District. This fund is used to account for all financial resources devoted to financing the general services that the District performs. General tax revenues and other sources of revenue used to finance the fundamental operations of the District are included in this fund. The fund is charged with all costs of operating the District for which a separate fund has not been established.

Jefferson County, Texas

#### NOTES TO FINANCIAL STATEMENTS

September 30, 2023

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### C. Measurement Focus/Basis of Accounting -

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets, deferred outflows of resources, liabilities and deferred inflows of resources, including capital assets and long-term liabilities are included on the statement of net position and the statement of activities presents increases (revenues) and decreases (expenses) in net position. Under the accrual basis of accounting, revenues are recognized when earned. Expenses are recognized at the time the liability is incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period.

General property taxes and nontax revenues are recorded when available and investment earnings are recorded when earned. Expenditures are recorded when the related fund liability is incurred. However, expenditures related to compensated absences are recorded when paid.

#### D. Using Estimates -

In preparing financial statements in conformity with generally accepted accounting principles, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### E. Capital Assets -

Capital assets used in governmental fund type operations are included in the government-wide financial statements. Public domain (infrastructure) general fixed assets consisting of certain improvements other than buildings, such as roads, sidewalks, and bridges, are capitalized. Property and equipment acquired or constructed for general governmental operations are recorded as expenditures in the fund making the expenditure and capitalized at cost in the government-wide financial statements.

Jefferson County, Texas

#### NOTES TO FINANCIAL STATEMENTS

September 30, 2023

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## E. Capital Assets - (Continued)

All capital assets are valued at historical cost. Where cost could not be determined from the available records, estimated historical cost was used to record the estimated value of the assets. Assets acquired by gift or bequest are recorded at their fair market values at the date of transfer. District policy has set the capitalization threshold for reporting capital assets at \$5,000. Expenditures for maintenance, repairs, renewals and improvements which do not meet the criteria for capitalization of assets are expensed as incurred. Depreciation has been calculated using the straight-line method over the following estimated useful lives:

Assets	<u>Useful Life</u>
Buildings	10 to 39 years
Field equipment	5 to 10 years
Office equipment	5 to 15 years
Furniture and equipment	5 to 10 years

## F. Budgetary Control/Budget Basis of Accounting -

The District follows these procedures in establishing the budgetary data reflected in the financial statements -

- 1. During midsummer, the District prepares a proposed budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
- 2. Any revisions of the budget that alter the expenditures of any funds must be approved by the District's Board of Directors.
- 3. Formal budgetary integration is employed as a management control device during the year for the General Fund.
- 4. Budgets for the General Fund are adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgeted amounts are as originally adopted or as amended by the District. The Budgetary Comparison Schedule General Fund presents a comparison of budgetary data to actual results.

#### G. Encumbrances -

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budget integration in the General Fund. Encumbrances outstanding at year-end are reported as reservations of fund balances since they do not constitute expenditures or liabilities. Encumbrances outstanding at year-end are provided for in the subsequent year's budget. There were no encumbrances outstanding at September 30, 2023.

Jefferson County, Texas

#### NOTES TO FINANCIAL STATEMENTS

September 30, 2023

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### H. Investments -

Investments, principally deposits in money market accounts are stated at cost which approximates market

#### I. Net Position -

Net position represents the difference between assets, plus deferred outflows of resources minus liabilities and deferred inflows of resources. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislations adopted by the District or through external restriction imposed by creditors, grantors or laws or regulations of other governments. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, and then unrestricted resources as they are needed.

#### J. Retirement Plan and Other Post-Employment Benefits -

Financial reporting information pertaining to the District's participation in the Texas County and District Retirement System (TCDRS) was prepared in accordance with Governmental Accounting Standards Board ("GASB") Statement No. 68, Accounting and Financial Reporting for Pensions, as amended by GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date.

Financial reporting information pertaining to the District's post-retirement healthcare benefits were prepared in accordance with GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions.

#### K. Compensated Absences -

Vacation accrues on a monthly basis with the ability to carry-over one week to the ensuing year. At September 30, 2023, liabilities included \$5,878 of vacation pay. With the exception of sick leave accrued upon retirement, sick leave does not vest and, accordingly, employees can be paid sick leave only when sick. Upon retirement, employees with 10 years or more of service can be paid up to a maximum of 90 days accrued sick leave. The liability for accumulated sick leave at September 30, 2023, was \$3,574.

#### L. Allowance for Doubtful Accounts -

An allowance has been recorded for property taxes which are estimated to be uncollectible, as required by generally accepted accounting principles.

#### M. Interest Capitalization -

The District follows the policy of capitalizing interest as a component of the cost of property and equipment constructed for its own use.

Jefferson County, Texas

#### NOTES TO FINANCIAL STATEMENTS

September 30, 2023

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### N. Adjustments -

The main components of the adjustments to the statement of net position are as follows:

<u>Capital assets</u> - Capital assets used in governmental activities are not financial resources and therefore are not reported in governmental funds.

<u>Long-term liabilities</u> - Long-term liabilities that are not due and payable in the current period are not included in governmental funds.

<u>Deferred Outflows/Inflows of Resources</u> - Adjustments to net position are required for pension and other post-employment benefits. These adjustments are not included in governmental funds.

The main components of the adjustments to the statement of activities are as follows:

<u>Capital assets</u> - Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

<u>Long-term liabilities</u> - Change in compensated absences and OPEB obligations do not require (or provide) the use of current financial resources and, therefore, is not reported as an expenditure in governmental funds.

<u>Deferred Outflows/Inflows of Resources</u> - Changes in net pension and other post-employment benefit assets/liabilities and adjustments to pension expense and other post-employment benefit expense are not reported as expenditures in governmental funds.

#### O. Fund Balances - Governmental Funds -

As of these financial statements, the District has adopted GASB Statement No. 54, which redefined how fund balances of the governmental funds are presented in the financial statements. Fund balances are classified as follows:

<u>Nonspendable</u> - Amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

<u>Restricted</u> - Amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Jefferson County, Texas

#### NOTES TO FINANCIAL STATEMENTS

September 30, 2023

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### O. Fund Balances - Governmental Funds - (Continued)

<u>Committed</u> - Amounts that can be used only for specific purposes determined by a formal action taken by the Board of Directors through ordinance or resolution.

The Board adopted a policy to maintain an ending fund balance equal to or greater than 25% of subsequent years budgeted expenditures.

<u>Assigned</u> - Amounts the District intends to use for a specific purpose. Intent can be expressed by the Board of Directors or by an official or body to which the Board of Directors delegates the authority.

<u>Unassigned</u> - Amounts that are available for any purpose. Positive amounts are reported only in the general fund.

The details of the fund balances are included in the Governmental Funds Balance Sheet (page 8). The District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net positions are available. Assigned funds are reduced to the extent that expenditure authority has been budgeted by the Board of Directors or the assignment has been changed by an authorized party. Decreases to fund balance first reduce Unassigned Fund Balance; in the event that Unassigned Fund Balance becomes zero, then Assigned and Committed Fund Balances are used in that order.

#### P. Date of Management's Review -

Management has evaluated subsequent events through February 19, 2024, the date the financial statements were available to be issued.

#### NOTE 2 - CASH

District funds are required to be deposited and invested under the terms of a depository contract and investment policy pursuant to state statute. The depository bank deposits for safekeeping and trust with its agent approved pledged securities or a letter of credit authorized by Chapter 2257 Collateral for Public Funds of the Government Code in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The collateral must meet certain requirements and be held in safekeeping by the Federal Reserve Bank - Dallas Branch for the benefit of the District and the market value of the pledged securities must at all times equal or exceed the value of the deposits placed in the institutions less the amount protected by federal depository insurance. The District adheres to the requirements of the act.

#### A. Deposits -

At year-end, the carrying amount of the District's demand deposits with financial institutions was \$1,316,311 and the bank balance was \$1,322,017. All demand deposits as of the balance sheet date were entirely insured by federal depository coverage, pledged securities, or a letter of credit.

Jefferson County, Texas

#### NOTES TO FINANCIAL STATEMENTS

September 30, 2023

### NOTE 2 - CASH (Continued)

The District is required by Government Code Chapter 2256, The Public Funds Investment Act ("Act"), to adopt, implement, and publicize an investment policy. That policy must be written, primarily emphasize safety of principal and liquidity, address investment diversification, yield, and maturity and the quality and capability of investment management, and include a list of the types of authorized investments in which the investing entity's funds may be invested, and the maximum allowable stated maturity of any individual investment owned by the entity.

The Act requires an annual audit of investment practices. Audit procedures in this area conducted as a part of the audit of the general purposes financial statements disclosed that in the areas of investment practices, management reports and establishes appropriate policies. The District adheres to the requirements of the Act. Additionally, investment practices of the District are in accordance with local policies.

Due to low interest rates, the District does not have any investments as of September 30, 2023. All of the District's funds are held in interest-bearing demand deposit accounts and a money market account. The funds are available immediately as needed.

#### **NOTE 3 - PROPERTY TAXES**

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and payable by January 31 of the following year, under certain circumstances other payment options may be available. Property values are assessed by the Jefferson County Appraisal District and collected by the Jefferson County Tax Collector. The tax rate for 2023 has been set at \$.288751. per \$100 of appraised property value and the tax rate for 2022 was set at \$.295126 per \$100 of appraised property value. District property tax revenues are recognized when actually received.

Property taxes receivable as of September 30, 2023, were comprised of the following -

Year of Levy		General Fund
2023	\$	20,000
2022		10,778
2021		7,758
2020		7,152
2019		6,192
Before 2019		40,492
Total property taxes receivable		92,372
Less: Allowance for uncollectibles	·	(69,127)
	\$	23,245

#### NOTE 5 - RETIREMENT PLAN

#### Plan Description -

The District provides retirement, disability, and death benefits for all of its full-time employees through a nontraditional defined benefit pension plan in the statewide Texas County and District Retirement System (TCDRS). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system consisting of more than 700 nontraditional defined benefit pension plans. TCDRS in the aggregate issues a comprehensive annual financial report (CAFR) on a calendar year basis. The CAFR is available upon written request from the TCDRS Board of Trustees at P.O. Box 2034, Austin, Texas 78768-2034.

The plan provisions are adopted by the governing body of the employer, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with 10 or more years of service, with 30 years of service regardless of age, or when the sum of their age and years of service equals 80 or more. Members are vested after 10 years of service but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by their employer.

Benefit amounts are determined by the sum of the employee's contributions to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

Jefferson County, Texas

#### NOTES TO FINANCIAL STATEMENTS

September 30, 2023

#### NOTE 5 - RETIREMENT PLAN (Continued)

At September 30, 2023, the following employees were covered by the benefit terms:

	2023
Inactive employees or beneficiaries currently receiving benefit payments	6
Inactive employees entitled to but not yet receiving benefit payments	7
Active employees	7

## Funding Policy -

The employer has elected the annually determined contribution rate (variable-rate) plan under the provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually. The rate contributed for the months of the accounting year in 2023 was 7.01%, and 9.08% for the months of the accounting year in 2022. The deposit rate payable by the employee members for the months of the accounting year in both 2023 and 2022 was 7% as adopted by the governing body of the employer. The employee contribution rate and the employer contribution rate may be changed by the governing body of the employer within the options available in the TCDRS Act.

#### Contributions -

The required contribution was determined as part of the December 31, 2022 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions at December 31, 2022 included (a) 7.50 percent investment rate of return (net of administrative expenses), and (b) projected salary increases of 4.70 percent. Both (a) and (b) included an inflation component of 2.50 percent.

For the employer's accounting year ended September 30, 2023, the annual pension contribution for the TCDRS plan by its employees was \$20,248 and the employer cost was \$21,652.

### Net Pension Liability/ (Asset) -

	<i>De</i>	2021	December 31, 2022		
Total pension liability	\$	1,951,813	\$	2,050,533	
Fiduciary net position		2,360,886		2,163,259	
Net pension liability/(asset)	\$	(409,073)	\$	(112,726)	
Fiduciary net position as a % of total pension liability		120.96%		105.50%	
Pensionable covered payroll <sup>(1)</sup>	\$	219,820	\$	271,131	
Net pension liability/(asset) as a % of covered payroll		(186.09%)		(41.58%)	

<sup>(1)</sup> Payroll is calculated based on contributions as reported to TCDRS

The total pension liability was determined by an actuarial valuation as of the valuation date, calculated based on the discount rate and actuarial assumptions below:

Jefferson County, Texas

#### NOTES TO FINANCIAL STATEMENTS

September 30, 2023

#### NOTE 5 - RETIREMENT PLAN (Continued)

#### Discount Rate -

Discount rate <sup>(2)</sup>	7.60%	7.60%
Long-term expected rate of return, net of investment expense <sup>(2)</sup>	7.60%	7.60%
Municipal bond rate <sup>(3)</sup>	N/A	N/A

<sup>(2)</sup> This rate reflects the long-term rate of return funding valuation assumption of 7.50%, plus 0.10% adjustment to be gross of administrative expenses as required by GASB 68.

### Actuarial Methods and Assumptions Used for GASB Calculations -

All actuarial methods and assumptions used for this GASB analysis were the same as those used in the December 31, 2022 funding valuation, except as noted below and throughout this report. Please see the employer summary actuarial valuation report as of December 31, 2022 for further details.

Following are the key assumptions and methods used in this GASB analysis -

Valuation Timing Actuarially determined contribution rates are calculated on a calendar year basis as of December 31, two years prior to the

end of the fiscal year in which the contributions are reported.

Actuarial Cost Method Entry age (level percent of pay)<sup>(1)</sup>

Amortization Method

Recognition of Straight-line amortization over expected working life

economic/demographic gains

or losses

Recognition of assumptions Straight-line amortization over expected working life

changes or inputs

Asset Valuation Method

Smoothing period 5 years

Recognition method Non-asymptotic

Corridor None
Inflation 2.50%
Salary Increases 4.70%

Investment Rate of Return 7.60% (Gross of administrative expenses)

<sup>(3)</sup> The plan's fiduciary net position is projected to be available to make all projected future benefit payments of current active, inactive, and retired members. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return, and the municipal bond rate does not apply.

Jefferson County, Texas

> Weighted Mortality Table for males and 125% of the RP-2014 General Disabled Retirees Amount-Weighted Mortality Table for females, both projected with 100% of the MP-2021

Ultimate scale after 2010.

#### Long-term Expected Rate of Return -

The long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns, and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TCDRS' investment consultant, Cliffwater LLC. The numbers shown are based on January 2023 information for a 10 year time horizon.

<sup>(1)</sup> Individual entry age normal cost method, as required by GASB 68, used for GASB calculations. Note that a slightly different version of the entry age normal cost method is used for the funding actuarial valuation.

Jefferson County, Texas

#### NOTES TO FINANCIAL STATEMENTS

September 30, 2023

### NOTE 5 - RETIREMENT PLAN (Continued)

## Long-term Expected Rate of Return - (Continued)

Note that the valuation assumption for long-term expected return is re-assessed at a minimum of every four years, and is set based on a long-term time horizon. The TCDRS Board of Trustees adopted the current assumption at their March 2021 meeting. The assumption for the long-term expected return is reviewed annually for continued compliance with the relevant actuarial standards of practice Milliman relies on the expertise of Cliffwater in this assessment.

## Deferred Outflows of Resources - (Continued)

Amounts currently reported as deferred outflows of resources and relate to pensions, excluding contributions made subsequent to the measurement date, will be recognized in pension expense as follows:

#### Year ended December 31:

2023	\$ (6,264)
2024	6,161
2025	5,762
2026	62,118
2027	-
Thereafter <sup>(1)</sup>	-

<sup>(1)</sup> Total remaining balance to be recognized in future years, if any.

Note that additional future deferred inflows and outflows of resources may impact these numbers.

#### NOTE 6 - LONG-TERM DEBT

The following is a summary of long-term debt transactions of the District for the year ended September 30, 2023 -

	 Beginning Balance	ssues or dditions	,	yments or penditures	_	Ending Balance	 e Within ne Year
Compensated absences OPEB obligation	\$ 25,705 1,056,069	\$ 22,324 133,074	\$	(38,577) (55,425)	\$	9,452 1,133,718	\$ 9,452
	\$ 1,081,774	\$ 133,074	\$	(71,678)	\$	1,143,170	\$ 9,452

The obligations under compensated absences and other post-employment benefit (OPEB) obligations are liquidated by the general fund.

#### NOTE 7 - LITIGATION

The District is a party to various claims and legal actions arising in the ordinary course of operations. In the opinion of management, all such matters are adequately covered by insurance or if not so covered, are without merit, or involve such amounts that unfavorable disposition would not have a material effect on the operations of the District.

Jefferson County, Texas

#### NOTES TO FINANCIAL STATEMENTS

September 30, 2023

#### **NOTE 8 - NET POSITION**

Restrictions of net assets are created to either (1) satisfy legal covenants that require that a portion of the fund balance be segregated or (2) identify the portion of the net assets that is not appropriate for future expenditures. There are no specific reservations of the net assets accounts at year end.

Unrestricted net position is increased by the net effects of deferred outflows and inflows related to pension and other post-employment benefits. At September 30, 2023, total unrestricted net position was \$374,741 and the portion attributable to net deferred outflows and inflows was \$67,777.

#### NOTE 9 - CONCENTRATION OF RISK

A major portion of the District's revenues is dependent upon property taxes from one taxpayer. For the year ended September 30, 2023, these taxes represented approximately 19% of total revenues.

#### NOTE 10 - DEFERRED COMPENSATION PLAN

Employees of the District may participate in a defined contribution plan adopted under the provisions of Internal Revenue Code Section 457 (Deferred Compensation Plans with Respect to Service for State and Local Governments).

The Jefferson County Drainage District 3 Deferred Compensation Plan is available to all employees of the District. Under the plan, employees may elect to defer a portion of their salaries and avoid paying taxes on the deferred portion until the withdrawal date. The deferred compensation amount is not available for withdrawal by employees until termination, retirement, death or unforeseeable emergency.

The deferred compensation plan is administered by an unrelated financial institution (Nationwide Retirement Solutions, Inc.). Under the terms of an IRC Section 457 deferred compensation plan, all deferred compensation and income attributable to the investment of the deferred compensation amounts held by the financial institution, until paid or made available to the employees or beneficiaries, are the property of the District subject only to the claims of the District's general creditors. In addition, the participants in the plan have rights equal to those of the general creditors of the District, and each participant's rights are equal to his or her share of the fair market value of the plan assets. The District believes that it is unlikely that plan assets will be needed to satisfy claims of general creditors that might arise.

As part of its fiduciary role, the District has an obligation of due care in selecting the third-party administrator. In the opinion of the District's management, the District has acted in a prudent manner and is not liable for losses that may arise from the administration of the plan.

All costs of administering and funding these programs are the responsibility of plan participants. The assets of the two plans remain the property of contributing employers and are not presented in the accompanying financial statements. The assets do not belong to the District and the District has no liability related to the plan. Since the employer makes contributions to the TCDRS plan they do not contribute to this plan. For the year ended September 30, 2023, employee contributions were \$3,707 and the value of the plan was \$41,337.

Jefferson County, Texas

#### NOTES TO FINANCIAL STATEMENTS

September 30, 2023

#### NOTE 11 - OTHER POST-EMPLOYMENT BENEFITS

The District provides certain post-retirement health care benefits to eligible retired employees and their spouses. The plan is a single-employer defined benefit plan and is administered by the District.

To be eligible for this benefit an employee must be at least 55 years of age and have at least 10 or more years of service, with 30 years of service regardless of age, or when the sum of their age and years of service equals 80 or more. Eligible retirees and their spouses receive medical, prescription, drug and dental benefits until eligible for Medicare. When eligible for Medicare retirees and their spouses receive supplemental coverage for these benefits.

At September 30, 2023, the following employees were covered by the benefit terms:

	2023
Inactive employees or beneficiaries currently receiving benefit payments	4
Inactive employees entitled to but not yet receiving benefit payments	0
Active employees	8

#### Funding Policy -

The retiree medical plan is operated on a Pay-As-You-Go basis. There are no assets that have been segregated and restricted to provide for retiree medical benefits. For the year ended September 30, 2023, the cost of retiree health benefits, recorded on a pay-as-you-go basis was \$55,425.

#### Actuarial Methods and Assumptions -

Actuarial valuations for an ongoing Plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Actuarially determined amounts are subject to continuous revision as actual results are compared to past expectations and new estimates are made about the future. Although the valuation results are based on values the District's actuarial consultant believes are reasonable assumptions, the valuation result is only an estimate of what future costs may actually be and reflect a long-term perspective. Deviations in any of several factors, such as future interest rate discounts, medical cost inflation, Medicare coverage risk, and changes in marital status, could result in actual costs being greater or less than estimated.

The District's total OPEB liability for health care benefits was measured as of September 30, 2022, and was determined by an actuarial valuation as of October 1, 2021. The valuation includes all active employees and current retirees and their spouses who are currently receiving benefits under the retiree medical plan. Historical changes in the OPEB liability were used to roll forward the OPEB liability to the measurement date September 30, 2023.

Jefferson County, Texas

#### NOTES TO FINANCIAL STATEMENTS

September 30, 2023

## NOTE 11 - OTHER POST-EMPLOYMENT BENEFITS (Continued)

The total OPEB liability in the September 30, 2023 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Age Adjustment Factor: 1.349432

Average Retirement Age: 65

Employer Future Premium Remain a level % of the total cost over time

Contribution:

Actuarial Cost Method: Entry Age Normal

Amortization Method: Level percentage of Payroll

Assets Backing OPEB Liability: \$0

Plan Asset Return: 0.000%
Bond Yield: 4.020%
Discount Rate: 4.020%
Measurement Date: 9/30/2022
Prior Measurement Date: 9/30/2020

Projected Salary Increases: 3.00%

Amortization Period: 20

Prior Year Discount Rate:

Percentage Participation: 100.00%

NOL and ADC: Calculated using the Alternative Measurement Method

in accordance with GASB methodology.

Mortality Table: Pub-2010 Public Retirement Plans Mortality Tables,

2.250%

with mortality improvement projected for 10 years.

Turnover Assumption: Derived from data maintained by the U.S. Office of

Personnel Management regarding the most recent experience of the employee group covered by the

Federal Employees Retirement System.

Payroll Growth Assumption Source: The source of the Payroll Growth Assumption is the average annual percentage change in the Consumer Price Index - Urban Wage Earners and Clerical Workers CPI-W from 2007 to 2015.

Jefferson County, Texas

Balances as of September 30, 2023	\$	1,133,718				

#### Sensitivity of the total OPEB liability to changes in the discount rate -

The following presents the total OPEB liability of the employer, calculated using the discount rate of 4.02%, as well as what the Jefferson County, Texas Drainage District No. 3 total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.02%) or 1 percentage point higher (5.02%) than the current rate.

1% Decrease	$\bigcup_{D}$	Current iscount Rate	1% Increase
3.02%		4.02%	5.02%
\$ 1 244 906	\$	1 133 718	\$ 1 036 178

Total OPEB liability

#### Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates -

The following presents the total OPEB liability of the employer, calculated using the healthcare cost trend rate of 4.70%, as well as what the Drainage District No. 3, Jefferson County, Texas total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.70%) or 1 percentage point higher (5.70%) than the current rate.

1% Decrease	Current Siscount Rate	1% Increase
3.70%	4.70%	5.70%
\$ 1.022.956	\$ 1.133.718	\$ 1.260.990

Total OPEB liability

#### Deferred Inflows and Outflows of Resources -

As of September 30, 2023, the deferred inflows and outflows of resources are not calculated as there are no assets backing the OPEB liability.

Jefferson County, Texas

#### NOTES TO FINANCIAL STATEMENTS

September 30, 2023

#### NOTE 12 - TAX ABATEMENT

Over the years, Drainage District No. 3 has agreed to multiple tax abatements to provide incentive to owners of real property who propose a project to develop, redevelop, or improve eligible facilities. The incentives will consist of a limited special exemption from certain taxes provided the owner agrees to accept and abide by the policy and that the real property is located in a lawfully created reinvestment or enterprise zone. Most of the tax abatement agreements include provisions for default and recapture of abated tax. There were no tax abatement agreements for the year ended September 30, 2023.

### NOTE 13 - SUBSEQUENT EVENT

Events that occur after the statements were available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the statements of net position date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the statement of financial position date require disclosure in the accompanying notes. Management evaluated the activity of the District through February 19, 2024 (the date the financial statements were available to be issued) and concluded that no subsequent events have occurred that would require recognition in the financial statements.
